# **MICH GERBER**

**MONDAY 21 JANUARY  
12:00 – 12:20**

**MUSIC HALL**

Mich Gerber is an eclectic, innovative, exceptional double bass player who has defined a new musical art form. Some people call it a „Space Bass Orchestra“. Mich's talent spans from the craft of composed pieces to elaborate live instrumental improvisations, building on a unique instrumental voice with his double bass. Mich enjoyed a classical training and has in the past been involved in unconventional avant-garde music projects. He's independent, committed, and consistently pursues his own paths, blurring the boundaries between jazz, classical, and traditional folksong, between the Orient and Occident, ancient music and electronica.
