

# HRXE-ZEUS Range

## Mechanical Ventilation with Heat Recovery (MVHR)

Nov 23

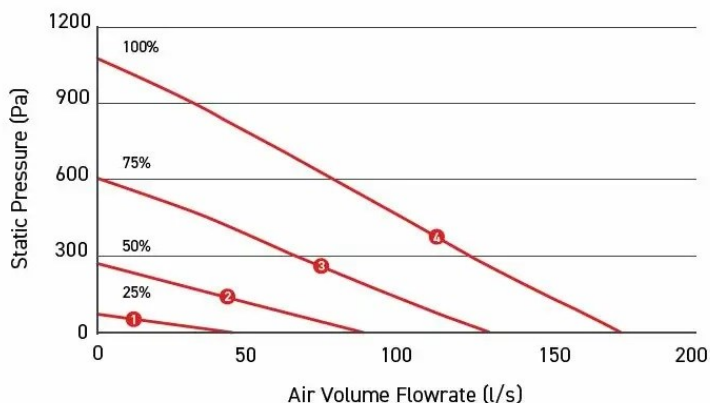

A highly intelligent and lightweight MVHR unit, the HRXE offers superior performance coupled with easy installation and user operation.

### FEATURES & BENEFITS

- The heat exchanger block can recover up to 95% of the normally wasted heat.
- Two independent fans have full-speed control for background and boost ventilation
- Summer by-pass function
- Due to intelligent design no reduction in airflow when operating in bypass mode resulting in enhanced performance
- Designed to provide optimised balanced (supply & extract) mechanical ventilation with heat recovery
- Weight 45kg
- Listed on Sap Product Database (PCDB)

### Performance & Dimensions

Front Elevation	713mm Height x 707mm Wide
Side Elevation	713mm Height x 590mm Wide
Top View	4 x 200mm diameter outlet 485x290mm center of outlet
Spigot Connection	4 x 200mm Ø
