

Technical Data Sheet

Rigid Duct Insulation

TDS18/102/01

PRODUCT

Thermal Ducting available to suit;
Rectangular 204x60; 220x90
Round System 100, 125, 150mm

PRODUCT DETAILS

Rigid duct Thermal is a unique and patented duct insulation system, designed specifically to radically improve the thermal insulation of rigid ducting in domestic properties. Thermal reduces heat loss and virtually eliminates the formation of condensation and can be fitted quickly with no need for gluing or taping.

Available in a range of profiles and fittings to suit the following ducting system; 100mm, 125mm, 150mm round, 204x60 and 204x90 rectangular system.

Manufactured from flame retardant (EN13163 class E) silver EPS polystyrene

90° Horizontal Bend Round

System	Code
100	TS490
125	TS590
150	TS690

45° Vertical Bend Rect

System	Code
204	TS575
220	TS975

90° Horizontal Bend Rect

System	Code
204	TS550
220	TS950

Equal T Piece Round

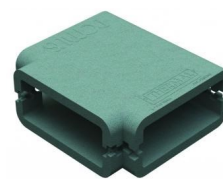

System	Code
100	TS492
125	TS592
150	TS692

Fixed Spigot Plenum Rect

System	Code
204	TS561
220	TS961

Equal T Piece Rect

System	Code
204	TS582
220	TS982

45° Horizontal Bend Round

System	Code
100	TS490
125	TS590
150	TS690

45° Horizontal Bend Rect

System	Code
204	TS555
220	TS955
