

THE SOUNDGAS LIST

June 2019

Below you'll find the brand new stocklist which has a new look. We've made some changes that we hope will streamline it and make it easier to read and understand. You'll still get first look at incoming gear, but the list will no longer feature items we've sold or things we want to buy, so checking what's available should be a quicker process.

We've also decided to remove prices from the list. While we'll still accept pre-orders on in-demand gear such as our restored Binson Echorecs and Roland Space Echoes, in many cases it's become impractical to set the price before assessment, servicing and testing has taken place.

We hope that you like the new list and welcome feedback: this is very much a work in progress.

"Your list is one of the best, it really is. I just want everything on it." - Pete Townshend

"I'm on the list, thanks. It's like crack..." - Michael Price

All items are serviced and in full working order (and covered by our guarantee) unless stated otherwise.

New arrivals highlighted in yellow

Prices are in £GBP and exclude delivery. Debit/Credit Card and Paypal payments may incur a surcharge.

*VAT (Sales Tax): Customers in USA/Canada/Australia the pay the tax-free price shown in the second column where applicable. All prices in the first column show standard VAT-inclusive prices; if there's no price in the second column, then there's no reclaimable vat on the item.
