It's that easy:

1. Registration

Once your company has successfully registered with Lease a Bike, you can log in to our online portal via an individual link. As soon as your employer approves your registration, you will receive an order code for the bike of your choice.

2. Select your dream bike

Select your desired bike with your order code at a Lease a Bike specialist bike shop. You can choose any brand and any type of bike.

3. Let's go!

You conclude a contract with your employer for the use of your bike. The term is 36 months. If you wish and if possible, we will offer you your company bike at the end of the contract period at a reasonable price.
