

TOWNLEY GRAMMAR SCHOOL

DATA RETENTION POLICY

1. Introduction

Townley Grammar School has a responsibility to maintain its records and record keeping systems. When doing this, Townley Grammar School will take account of the following factors:

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used;
- Privacy and disclosure; and
- Accessibility of records and record keeping systems.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect Townley Grammar School's current practice, the requirements of current legislation (referenced at the relevant records) and best practice and guidance. It may be amended by Townley Grammar School from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. Townley Grammar School may also vary any parts of this procedure, including any time limits, as appropriate in any case.

2. Data Protection

This policy sets out how long employment-related and pupil data will normally be held by Townley Grammar School and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000. Data will be stored and processed to allow for the efficient operation of Townley Grammar School. Townley Grammar School's Data Protection Policy outlines its duties and obligations under the UK GDPR.

3. Retention Schedule

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, Townley Grammar School will adhere to the standard retention times listed within that schedule.

The retention schedule refers to all records regardless of the medium (e.g., paper, electronic, microfilm, photographic etc) in/on which they are stored. All records will be regularly monitored by conducting regular internal reviews.

4. Destruction of Records

The schedule is a relatively lengthy document listing the many types of records used by Townley Grammar School and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

Where records have been identified for destruction, they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

TOWNLEY GRAMMAR SCHOOL

DATA RETENTION POLICY

All paper records containing personal information or sensitive policy information should be shredded before disposal where possible. All other paper records should be disposed of by an appropriate wastepaper merchant. All electronic information will be deleted.

Townley Grammar School maintains a database of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list the following: -

- File reference (or other unique identifier);
- File title/description;
- Number of files;
- Name of the authorising officer;
- Date destroyed or deleted from system; and
- Person(s) who undertook destruction.

5. Retention of Safeguarding Records

Any allegations made that are found to be malicious must not be part of the personnel records.

For any other allegations made, Townley Grammar School must keep a comprehensive summary of the allegation made, details of how the investigation was conducted and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by Townley Grammar School for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer. Guidance from the Independent Inquiry Child Sexual Abuse states that prolonged retention of personal data at the request of an Inquiry would not contravene data protection regulation provided the information is restricted to that necessary to fulfil potential legal duties that a School may have in relation to an Inquiry.

Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an indication regarding the appropriate retention periods of the records will be made.

6. Archiving

Where records have been identified as being worthy of preservation over the longer term to show the history of the school, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by the Reprographics Officer. The appropriate staff member, when archiving documents should record in this list the following information: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

TOWNLEY GRAMMAR SCHOOL

DATA RETENTION POLICY

7. Transferring Information to Other Media

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

8. Responsibility and Monitoring

The Data Manager/Analyst has primary and day-to-day responsibility for implementing this policy. The Data Protection Officer, in conjunction with Townley Grammar School is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of, and understand, this policy and are given adequate and regular training on it.

9. Emails

Email accounts are not a case management tool in themselves. Generally, emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a pupil record). It is important to note that the retention period will depend on the content of the email, and it is important that staff file those emails in the relevant areas within Arbor to avoid the data becoming lost.

10. Pupil Records

All schools, with the exception of independent schools, are under a duty to maintain a pupil record for each pupil. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. We retain the file for a year following transfer in case any issues arise because of the transfer.
