## Philippians: Giving and Needs Philippians 4:14-20

1.	It is a kindness to give (14-16)
2.	It is spiritually profitable to give (17)
3.	It is an act of worship to give (18)
Discussion:	
1.	Think again about what "gospel partnership" is. Can you define it? In what ways are you partnering for the spread of the gospel?
2.	What is one practical profit or good brought to you by God on account of your giving?
3.	How have these verses encouraged you to view your money in the way the Philippian church did? What will taking such a view mean for you

practically?
