QUIZ

1. In all low-income countries across the world today, how many girls finish primary school?

- 20%
- 40%
- 60%

2. In the last 20 years, the proportion of the world population living in extreme poverty has . . .

- Almost doubled
- Remained more or less the same
- Almost halved

3. There are 2 billion children in the world today, aged 0 to 15 years old. How many children will there be in the year 2100, according to the United Nations?

- 4 billion
- 3 billion
- 2 billion

4. The UN predicts that by 2100 the world population will have increased by another 4 billion people. What is the main reason?

- There will be more children (age below 15)
- There will be more adults (age 15 to 74)
- There will be more very old people (age 75 and older)

5. How many of the world's 1-year-old children today have been vaccinated against some disease?

- 20%
- 50%
- 80%

QUIZ

Factfulness Quiz

Answers

1. In all low-income countries across the world today, how many girls finish primary school?

- 20%
- 40%
- **60%**

According to the World Bank, the number was 63.2 percent in 2015. Many more girls are attending school in recent years.

2. In the last 20 years, the proportion of the world population living in extreme poverty has . . .

- Almost doubled
- Remained more or less the same
- **Almost halved**

The share of people living on less than \$1.9/day fell from 34 percent in 1993 to 10.7 percent in 2013, Extreme poverty is very difficult to measure. But even if the exact level of extreme poverty is uncertain, the trend direction is not uncertain. We can trust that extreme poverty has fallen to at least half, if not one-third.

QUIZ

3. There are 2 billion children in the world today, aged 0 to 15 years old. How many children will there be in the year 2100, according to the United Nations?

- 4 billion
- 3 billion
- **2 billion**

The UN Population Division predicts that the number of children in the year 2100 will not be higher than it is today. The UN experts (i.e. the demographers of the UN Population Division) publish new official population forecasts every second year in their publication World Population Prospect. They work with multiple alternative scenarios. The one they think is most probable is called the 'medium-fertility variant', which falls between the highest and lowest predictions of fertility and mortality decline worldwide.

4. The UN predicts that by 2100 the world population will have increased by another 4 billion people. What is the main reason?

- There will be more children (age below 15)
- **There will be more adults (age 15 to 74)**
- There will be more very old people (age 75 and older)

The UN experts calculate that just 1 percent of the population increase will come from 0.37 billion more children (age 0 to 14). 69 percent from 2.5 billion more adults (age 15 to 74). And 30 percent from 1.1 billion more very old people (age 75 and older).

5. How many of the world's 1-year-old children today have been vaccinated against some disease?

- 20%
- 50%
- 80%

88 percent of 1-year-old children in the world today are vaccinated against some disease according to the World Health Organization. Factfulness rounded it down to 80 percent to avoid overstating progress.

The vaccines that reached most 1-year-olds worldwide in 2016 are:

- BCG (Tuberculosis): 88%
- DTP3 (Diphtheria tetanus toxoid and pertussis): 86%
- MCV1 (Measles, 1st dose): 85%
- Pol3 (Polio): 85%
- HepB3 (Hepatitis B): 84%
- PAB (Neonatal tetanus): 84%
- Hib3 (Haemophilus influenzae type b): 70%
- MCV2 (Measles, 2nd dose): 64%
- PCV3 (Pneumococcal conjugate): 42%
- RotaC (Rotavirus): 15%

The estimate for immunization coverage of the vaccine against TB is based on Global Health Observatory data from the WHO. For vaccination data by category, see WHO.

Moses

Moses and the Burning Bush

Exodus 3

Now Moses was tending the flock of Jethro his father-in-law, the priest of Midian, and he led the flock to the far side of the wilderness and came to Horeb, the mountain of God. ² There the angel of the LORD appeared to him in flames of fire from within a bush. Moses saw that though the bush was on fire it did not burn up. ³ So Moses thought, “I will go over and see this strange sight - why the bush does not burn up.”

4 When the LORD saw that he had gone over to look, God called to him from within the bush, “Moses! Moses!” And Moses said, “Here I am.”

5 “Do not come any closer,” God said. “Take off your sandals, for the place where you are standing is holy ground.” 6 Then he said, “I am the God of your father, the God of Abraham, the God of Isaac and the God of Jacob.” At this, Moses hid his face, because he was afraid to look at God.

¹¹ But Moses said to God, “Who am I that I should go to Pharaoh and bring the Israelites out of Egypt?”

¹² And God said, “I will be with you. And this will be the sign to you that it is I who have sent you: When you have brought the people out of Egypt, you will worship God on this mountain.”

¹³ Moses said to God, “Suppose I go to the Israelites and say to them, ‘The God of your fathers has sent me to you,’ and they ask me, ‘What is his name?’ Then what shall I tell them?”

¹⁴ God said to Moses, “I AM WHO I AM. This is what you are to say to the Israelites: ‘I AM has sent me to you.’”

¹⁵ God also said to Moses, “Say to the Israelites, ‘The LORD, the God of your fathers - the God of Abraham, the God of Isaac and the God of Jacob - has sent me to you.’”

“This is my name forever,
the name you shall call me
from generation to generation.

I am that, I am

Consider this

1 What is your mindset?

How does that mindset influence your understanding of God and the world around you?

**2- Do you think God is able to get your attention?
Do you ever stand on holy ground?**

A person stands in silhouette on a dark, rocky outcrop in the foreground, looking out over a vast, calm body of water. The horizon is low, and the sky is filled with the soft, warm colors of a sunset or sunrise, transitioning from deep blue at the top to bright orange and yellow near the horizon. The water's surface is still, reflecting the colors of the sky. In the distance, a dark, silhouetted landmass is visible on the horizon.
