Seek God's Kingdom (v30 – 32)

'What is the Kingdom of God? The kingdom of God refers to God's reign or sovereignty, both in a future sense (the coming new heavens and new earth where God's will is done perfectly) and in a present sense (God's rule in the hearts and lives of His people). To "seek the kingdom of God" means to prioritize God's rule, purposes, and values in one's life. This could include submitting to God's authority, pursuing a relationship with Him, living according to His teachings, and working to advance His kingdom by sharing the Gospel and living out its implications.'
